Job Description

ROLE AND RESPONSIBILITIES

Perform tasks involving physical labor for concrete and masonry construction projects; primarily residential poured walls and retaining walls.

- Assist in job site preparation including erecting and setting aluminum forms for concrete walls according to specifications and drawings
- Able to lift (up to 100lbs); kneel; climb; balance; stoop/crouch; reach
- Able to operate a variety of hand and power tools
- Ensure proper care and maintenance of tools & equipment
- Maintain a clean job site to eliminate potential hazards
- Willing to travel to different work locations in Central Pa
- Able to work well with others as well as independently
- Able to understand, follow and transmit written and oral instructions
- Able to meet attendance schedule with dependability
- Able to function well in uncontrolled environmental conditions (i.e. weather conditions; site conditions)

QUALIFICATIONS AND EDUCATION REQUIREMENTS

Any combination of education and experience that demonstrates the knowledge and ability to perform the required work.

PREFERRED SKILLS

Concrete experience is a plus, but not required. On-the-job training provided.
CDL is a plus, but not required.

ADDITIONAL NOTES

Must possess a valid PA driver's license.
